Our toughest construction truck

## VOLVO FMX

**When you need a partner that takes you where others can't, Volvo FMX is your choice. It's a robust construction truck that makes the toughest assignments even easier. Tailor it to your needs – and the conditions it will be up against.**

### **The robust design of the Volvo FMX**

The robust front with a steep approach angle, the skid plate and the steel bumper of the Volvo FMX all let you handle tough conditions: as do high ground clearance and sturdy axle installations.

### **Driven front axle and 38 tonnes bogie**

Volvo FMX is available with one, two or three driven axles in a 4x4 or 6x6 configuration. 8x6, 10x4, and 10x6 are also possible when you need to carry heavy loads in severe conditions. By selecting our most heavy-duty alternatives you can take on even heavier loads with ease.

### **Choose your powertrain**

Electric, gas or diesel – any engine choice will provide impressive torque within a wide range of engine speeds.

### **BENEFITS**

- Robust iconic design
- Ready for heavy loads
- Optimized vision with Camera Monitor System
- Body-builder friendly
- Electric, gas or diesel powertrains available

### **Load up with smart features**

The I-Shift automated gearbox times every gear change perfectly. Get your I-Shift with change-direction function and crawler gears or go with the I-Shift Dual Clutch. When driving on uneven surfaces Volvo Dynamic Steering helps filter out the kicks and jolts in the steering wheel.

### **Have it customized for you**

Volvo FMX offers state-of-the-art cabs with high visibility and personalized infotainment. It's body builder-friendly and easy to tailor for your assignments.
